

3.2 Environmental Policy Statement

UK Access Solutions supplies an access scaffolding erection service with traditional tube and fittings and system scaffolding.

The company attaches great importance to protecting the environment and will continue to work towards introducing procedures and the use of materials to help to minimize any potential adverse effect on the environment caused by the carrying out of our and our clients day to day operations.

UK Access Solutions will therefore:

- Comply with all applicable environmental legislation and codes of practice.
- Take positive action to minimise waste and encourage recycling for the company and its clients.
- Maintain management controls and procedures to implement environmental objectives.
- Work with suppliers and clients to encourage the sourcing of materials from sustainable resources.
- Improve efficiency in the use of fuel, water and raw materials.
- Raise company and client's awareness of and commitment to maximising environmental performance.
- Review the Company environmental policy annually to take account of legislative and organisational changes.

Creation of an effective organisation is dependent upon the commitment and involvement of all employees/sub-contract operatives. Employees/sub-contract operatives will receive information, instruction, supervision, and training as is relevant to the activities they are undertaking.

This statement is endorsed by the Company's Directors, who take responsibility for its execution and share responsibility for the implementation of this policy.

Jim Cottrell
CEO

A handwritten signature in black ink, appearing to read 'Jim Cottrell', is written below the printed name and title.
